**VIII. Committee Reports**

A. PLUM (Maria Fisk)

1. **Motion:** The Granada Hills South Neighborhood Council Planning opposes the proposed project at 17436 W. Chatsworth St. pending review of: a full Environmental Impact Report, soil testing and a traffic study; and consideration of non-tandem parking; screening on the back so that the residents living in the upper stories of the proposed development do not peer into the back yards of the single-family residences below; a sound wall; effective security; separation of guest; employee and commercial parking; and egress and ingress in the back of the building. Ms. Fisk, Planning and Land Use Management Committee Co-Chair, described the project and neighbors' concerns. The applicant still has not completed some Committee requests; Ms. Fisk requested that no Motion be made yet. Stakeholder Cherie Mann said “there’s not enough parking or affordable units.”

**MOTION to DEFER to COMMITTEE** (by Ms. Fisk, seconded by Mr. Morris).

**DISCUSSION:** Committee Member Larry Yoder reported that most Stakeholders at the Committee meeting were “not happy with it at all . . . because of the traffic and other issues.” Mr. Beauvais noted that it is a by right project of five parcels on the southeast corner with Encino Ave. where the body shop used to be.

**MOTION to DEFER to COMMITTEE PASSED** by a hand vote; zero opposed; one abstained.

Mr. Beauvais will re-Agendize this if the developer contacts the GHSNC.

2. **Motion:** The Granada Hills South Neighborhood Council [see the below Motion].

**MOTION** (by the Planning and Land Use Management Committee): The GHSNC (even though the proposed project at 10537 N. White Oak Ave. does not comply to the Community Plan flag lot stipulation) supports the project on the condition that it does not interfere with the trees on White Oak Ave. and each parcel is limited to one single-family dwelling.

**DISCUSSION:** Ms. Fisk described the project; the owner wants to combine the five parcels into three and build three homes. She noted that “its zoning is by right but it doesn’t follow the Community Plan” [Granada Hills-Knollwood Community Plan, https://planning.lacity.org/complan/pdf/ghlcptxt.pdf]. Neighbor Rick Ballesteros noted “this is [the] fourth meeting on this matter” and that the owner originally promised to live in one of the homes. He described the neighborhood’s “country feeling . . . I want to keep that environment . . . it has some serious history” and the developer’s site “is a flag lot.” He indicated that he and other neighbors oppose the owner’s proposed configuration and were
concerned that “they’re going to be two-story homes.” He wanted the Board to override the Committee’s support. Ms. Fisk confirmed that the developer “can do a lot” by right, but the Board can ask for conditions. She reported that, at the Committee meeting, two or three Stakeholders said they “don’t have a problem with this.” Mr. Lopez suggested having the City designate it “as a historic site.” Stakeholders wanted the main house to face the street. Committee Co-Chair John Seletos clarified that “they want an adjustment of lines” and further explained the project. He relayed that some Stakeholders were concerned that the project could be a small lot subdivision. The lot is 18,000 square feet and the developer may construct the driveway between the Deodar trees.
